Dear Sir/Madam:

It is with great pleasure that I offer this letter of recommendation for scholarship for Maksim Stoyanov. I have known Maksim as a student and my Teaching Assistant for three years.

Mr. Stoyanov has always displayed a high degree of integrity, responsibility, ambition and professional skill. In addition to his excellent scholastic accomplishments, he has proven his organizational abilities through his eagerness to take leadership roles in group projects. Maksim is an excellent programmer and has the ability to transfer his programming skills from one paradigm to another and adapt to new tasks with ease. Along with his programming skills.

Maksim is a loyal and dependable team player and his upbeat attitude brings a positive synergy to the group. His good judgment and mature outlook ensure a logical and practical approach to his endeavors. He has proven to me time and again his willingness to learn new technologies and explore in-depth those fundamentals of the technologies he presently utilizes.

Maksim Stoyanov would be a valued asset to any organization, and I am pleased to give him my wholehearted endorsement.
